

Multilateral Fund for the Implementation of the Montreal Protocol

POLICIES, PROCEDURES, GUIDELINES AND CRITERIA

(As at May 2019)

INTRODUCTION

This compendium contains the policies, procedures, guidelines and criteria of the Financial Mechanism under the Montreal Protocol on Substances that Deplete the Ozone Layer as established by the Meetings of the Parties under the Montreal Protocol and elaborated by the Executive Committee of the Multilateral Fund in accordance with its terms of reference.

The policies, procedures, guidelines or criteria in each section are grouped by subject area. Text provided for each entry is quoted from the final report of a meeting of the Executive Committee at which the entry was adopted. The number of either the Meeting of the Parties, or the Meeting of the Executive Committee at which the policy, procedure, guideline or criteria was considered and adopted, is indicated along with the reference document. A list of supporting documents, if any, is also provided for entries mainly related to procedures and guidelines. These are presented in small italic characters.

The Report is divided into eleven chapters:

- I. Financial Mechanism
- II. Executive Committee
- III. Fund Secretariat
- IV. Bilateral Cooperation
- V. Implementing Agencies
- VI. Article 5 Parties
- VII. Controlled Substances
- VIII. Country Programmes
- IX. Project Proposals
- X. Institutional Strengthening
- XI. Monitoring and Evaluation

From the Nineteenth Meeting of the Executive Committee onwards (May 1996), this compendium has included every decision of the Executive Committee and the Meetings of the Parties that establishes policies, procedures, guidelines or criteria that could have an impact on the future operation of the Fund. That is, all relevant decisions are listed other than those relating to approval of funding for specific projects or activities.

Thus, the compendium is both a reference document on the policies, procedures, guidelines and criteria of the Multilateral Fund and a record of related decisions of the Executive Committee. The compendium is updated, in full, after each meeting of the Executive Committee.

The list of dates and venues of the Meetings of the Parties to the Montreal Protocol and the Executive Committee of the Multilateral Fund is presented below.

Note: Some countries have changed their name after the decisions by the Meeting of the Parties and the Executive Committee were adopted. This document does not change the name in the original text of decisions.
