EXECUTIVE COMMITTEE OF  
THE MULTILATERAL FUND FOR THE  
IMPLEMENTATION OF THE MONTREAL PROTOCOL  
Thirty-first Meeting  
Geneva, 5-7 July 2000

**Corrigendum**

**STATUS OF ARTICLE 5 COUNTRIES IN ACHIEVING COMPLIANCE WITH THE  
INITIAL CONTROL MEASURES OF THE MONTREAL PROTOCOL**

An Analysis by the Fund Secretariat

**Replace para. 17b (i and ii) with:**

- (i) Latest consumption (column 2) was reduced by the amount of approved, but not implemented, projects (column 4) and the results recorded in column 9. (A negative value means that the ODP to be phased out from unimplemented projects will exceed the latest reported consumption by the negative amount indicated in column 9.)
- (ii) The amount in column 9 was compared with 50 per cent of the baseline (column 8) and the results were recorded in column 10. A bracketed value in column 10 indicates that no additional phase-out is needed to meet the 50 per cent reduction. The value in the brackets denotes the amount by which the country will have surpassed its 50 per cent reduction target.

Annex I, all tables, **replace** “(4-3)” in the header of column 5 **with** “(3) – (4)”.
